- Shabiya 12, Abu Dhabi.

EDUCATION

Bachelor of Materials Engineering(3.31 CGPA)

NED University of Engg. & Tech.
2014 - 2017

F Sc. (Pre-Engineering) (A-Grade)

Govt. Degree Sci. & Comm.
College
2011 - 2013

Matric (Science) (A-1 Grade)

New Ruby Pri. & Sec. School
2009 - 2011

COMPUTER LITERACY

- SAP (S4 Hana- MM
Module)
- MS Office
- Typing Speed (35-40
WPM)
- Pro-Engineer

Experience

Jan 2023- Nov 2023

Gatron Industries Limited, Pakistan

Assistant Manager

- Look after overall production process to get final product with optimize quality standards.
- Use SAP (S4 Hana - MM Module) for Creating Production Order, Recording Production, Raising Purchase Requisition etc.
- Follow SAP Self-Realization Process to create Monthly Production Plan.
- Order of Raw Material and maintain buffer stock.
- Introduce new methods of Material Issuance to avoid mismatch in reconciliation of Physical and System Stock.
- Work on different areas of production and minimize the wastage produced.
- Attend corporate meetings regarding the development of the overall performance of the industry by implementing productive and personnel friendly policies.
- Represent my department in meetings with directly concerned departments and make decisions on behalf of the department.
- Create and implement of JDs of workers to achieve maximum productivity along with desired finished product.

Jul 2021- Dec 2022

Saima Packages Private Limited, Pakistan

Production Engineer

- Look after Die-Cutting Process consisting of 10 Bobst Die-Cutting Machines of different models.
- Introduce new method to get one prominent feature (Embossing) on Die-Cut Carton having accurate impression in one single go.
- Introduce methods of easily search of desirable die in various no of die stocks.
- Work on different areas of production and minimize the wastage produced.

SOFT SKILLS

- Leadership
- Critical Thinking
- Problem-Solving
- Email Drafting
- Follow-Up

TECHNICAL SKILLS

- Metallography
- Basic Electric-Arc Welding
- Non-Destructive & Destructive Testing

LANGUAGE

- English
- Urdu (Native)
- Punjabi (Native)

Nov 2020– Jun 2021
ibex Global, Pakistan

Customer Service / Chat Support Executive

- Take ownership of customer issues and resolve the issue as earliest as possible.
- Resolve customer issues on phone calls, and via mailing and chatting.
- Prompt feedback to customer queries and directing issues to concerned individuals which directly relate to particular individual.
- Document solutions of issues that may be used in future problems as reference .

Dec 2018– Oct 2020

Al-Yaqeen Packages Private Limited, Pakistan

Production Engineer

- Understand basic of Printing, Die Cutting & Pasting Process.
- Observe change in Production Process Method and successfully introduce more productive, time efficient and cost-effective methods.
- Become complete all alone Production Supervisor of One Unit in just 6 Months.

Projects

HYBRID effect of Titania and graphene Nano composite (FINAL YEAR PROJECT):

- Working on to the three applications through our Nano composite water treatment, strain sensing and hydrogen evaluation using direct sunlight.

Material Characterisation Technique:

- One ferrous and one non-ferrous materials were reverse engineered for structure, grade & heat treatment cycle determination.

Achievements

- Achieved 1st Position in Project Exhibition organized by Metallurgical Engineering Society (MES) powered by UNITED CABLES.
