MOHAMMAD AYYASH

Sales & Marketing Manager

This is Mohammad Ayyash. I have a Bachelor Degree of Computer Information System from Al-zaytoonah University of Jordan. I have around 10 years of experience in sales and marketing.

I am applying for this position and I believe that I have the skills and the experience you are searching for as an ideal applicant. The attached CV contains a comprehensive look at my work history and skills relevant to this position, but here is a brief look at what I have to offer to your organization if I get chosen for this job.

I have very strong analytical skills with the ability to make good decisions while I am in the field. I took many needed training to collect and analyze data according to the organization protocol. I also possess outstanding verbal and writing skills with the ability to convey the information collected through organized reports, which make it easier for the researchers to understand. I also have the ability to give presentations and full training in regards to any topic when necessary.

Along with that, I possess outstanding interpersonal skills with the ability to work efficiently as part of a team, but I can also stay focused and get the job done when working independently. I always maintain integrity and treat beneficiaries with the upmost respect in order to help build a strong working relationship that helps to create a positive image for your organization.

When procedures or techniques that are more efficient for managing any project are given, I have the ability to adapt quickly. I am physically able to perform the duties associated with this position. I'm ready to accept challenges, and willing to spend the time and effort it takes to meet the goals of the position. I have enclosed my CV. I look forward to meeting you to discuss my other qualifications in more details and answer any questions you have.
