United Arab Emirates

PROFILE

A motivated second-year Artificial Intelligence student at **United Arab Emirates University** with a strong interest in AI and machine learning. Passionate about programming, eager to expand technical skills through self-learning and practical projects. Actively seeking internship opportunities to gain hands-on experience and contribute to impactful technology-driven solutions.

WORK EXPERIENCE

No prior work experience. Currently seeking internship opportunities to gain hands-on experience in the field of artificial intelligence.

CAREER OBJECTIVE

Aspiring to enhance my skills in artificial intelligence and machine learning, contribute to real-world projects, and grow professionally in a dynamic tech-driven environment.

TECHNICAL SKILLS

- Proficient in Python programming language
- Basic knowledge of Java
- Understanding of AI concepts like Machine Learning and Deep Learning
- Experience with Python libraries such as NumPy, Pandas, Matplotlib
- Familiar with tools like Jupyter Notebook
- Basic knowledge of databases (SQL)
- Teamwork and participation in student projects
- Technical presentation and communication skills

SOFT SKILLS

- Problem-solving skills
- Self-learning ability
- Critical thinking
- Time management and organization
- Passion for learning new technologies
