Karama, Mobile Market, Ajman, UAE

### Objective

To work in a reputed company where good works are appreciated, which offers a competitive performance based environment and nourish the talents, and to work in a dynamic and challenging field where I can explore my creativity and performance and have interest to apply acquired managerial and interpersonal skills successfully, to enhance organizational efficiencies.

### Experience

**CEVA LOGISTICS, Jabal Ali, UAE.**

25/12/2024 - 19/05/2025

Warehouses Associate

responsible for a variety of tasks related to the efficient operation of a warehouse, including receiving and processing incoming stock, fulfilling orders, packing and shipping items, managing inventory, and maintaining a clean and safe work environment.

**Be Fresh Travel. Al Ain. UAE.**

10/10/2024 - 31/12/2024

Purchasing Executive

I am joining this company or shop last 3 month and I perform all the work related to the aircraft ticket.

**Asian Group. Chittagong. Bangladesh**

01/10/2016 - 28/02/2022

Industrial Engineering Manager

An Industrial Engineer, or Manufacturing Engineer, designs and develops production layouts for a company's warehouse to increase productivity and quality standards. Their main duties include reviewing current production schedules and processes to find potential improvements, designing the layouts of the facilities and estimating production costs.

**Regency Garment LTD. Chittagong. Bangladesh**

30/12/2014 - 31/08/2016

Industrial Engineering Officer

The Industrial Engineer conducts studies pertaining to cost control, cost reduction, lead time reduction, and production record systems. The Industrial Engineer provides direct shop floor support including capacity planning, variation analyses, productivity improvements and cell design.

**Menz Club. Chittagong. Bangladesh**

01/04/2012 - 30/09/2014

Cashier

It is a boys and girls clothes & accessories shop. I used to handle the sales and cash handling of all the products of that shop.
